Official Journal of The American Society  
for Clinical Nutrition, Inc

## SPECIAL ISSUE ON AGING AND NUTRITION

OCTOBER 1997 • VOLUME 66 • NUMBER 4

ISSN 0002-9165

### EDITORIALS

Weight loss in the elderly: cause or effect of poor health?  
*WC Willett*  
See corresponding article on page 837. 737

Contribution of epidemiology to understanding relations of diet to age-related cataract. *JA Mares-Perlman*  
See corresponding article on page 911. 739

### REVIEW ARTICLES

Vitamin B-12 deficiency in the elderly: current dilemmas.  
*SP Stabler et al* 741

Cobalamin, the stomach, and aging. *R Carmel* 750

Anorexia of aging: physiologic and pathologic. *JE Morley* 760

Aging, protein requirements, and protein turnover.  
*DJ Millward et al* 774

### ORIGINAL RESEARCH COMMUNICATIONS

#### Nutritional status

Validity of the Minimum Data Set for assessing nutritional status in nursing home residents. *CS Blaum et al* 787

Nutritional status indicators and their interactions in rural Guatemalan elderly: a study in San Pedro Ayampuc.  
*JE King et al* 795

Dietary intake and cognitive function in a group of elderly people. *RM Ortega et al* 803

Recent patterns of alcohol consumption in the Russian elderly, 1992-1996. *N Zohoori* 810

Nutritional status of urban homebound older adults.  
*CS Ritchie et al* 815

Nutrition risk screening characteristics of rural older persons: relation to functional limitations and health care charges.  
*GL Jensen et al* 819

#### Cardiovascular disease risk and lipids

Relation between anthropometric measures of fat distribution and cardiovascular risk factors in overweight pre- and postmenopausal women. *AC Perry et al* 829

Carrying the burden of cardiovascular risk in old age: associations of weight and weight change with prevalent cardiovascular disease, risk factors, and health status in the Cardiovascular Health Study. *TB Harris et al* 837

Age relations of cardiovascular risk factors in a traditional Melanesian society: the Kitava Study. *S Lindeberg et al* 845

Effects of an American Heart Association diet and weight loss on lipoprotein lipids in obese, postmenopausal women.  
*BJ Nicklas et al* 853

#### Energy and protein metabolism

Fat oxidation in response to four graded energy challenges in younger and older women. *KJ Melanson et al* 860

Effects of diet and exercise on energy expenditure in postmenopausal women. *JL Thompson et al* 867

Aging, physical activity, insulin-like growth factor I, and body composition in Guatemalan women. *JV Porch et al* 874

Whole-body protein turnover in the healthy elderly.  
*JA Morais et al* 880

Longevity in obese and lean male and female rats of the Zucker strain: prevention of hyperphagia. *PR Johnson et al* 890

Total body potassium and body fat: relevance to aging.  
*JJ Kehayias et al* 904

#### Micronutrients and antioxidants

Long-term vitamin C supplement use and prevalence of early age-related lens opacities. *PF Jacques et al* 911

Short- and long-term  $\beta$ -carotene supplementation do not influence T cell-mediated immunity in healthy elderly persons. *MS Santos et al* 917

The response to treatment of subclinical thiamine deficiency in the elderly. *TJ Wilkinson et al* 925

Plasma 25-hydroxyvitamin D and its determinants in an elderly population sample. *PF Jacques et al* 929

Effect of calcium intake and physical activity level on bone mass and turnover in healthy, white, postmenopausal women. *S Suleiman et al* 937

Chromium picolinate supplementation and resistive training by older men: effects on iron-status and hematologic indexes. *WW Campbell et al* 944

Plasma retinol and plasma and lipoprotein tocopherol and carotenoid concentrations in healthy elderly participants of the Framingham Heart Study. *S Vogel et al* 950

### SUPPLEMENT

Fats and oil consumption in health and disease: current concepts and controversies (bound separately)
