

The American Journal of
CLINICAL NUTRITION

VOLUME 25 NUMBER 10 OCTOBER 1972

CONTENTS

letters to the editor

- 969 Computer program for calculating nutrients. *R. Carol*
969 A nutritionist's view on economic policy planning. *P. R. Payne*

brief communications

- 971 Energy expenditure of obese women during weight loss. *R. B. Bradfield and M. Jourdan*

original communications

- 976 Plasma tryptophan response curve and tryptophan requirements of children with Down's syndrome. *K. Tontisirin, V. R. Young and N. S. Scrimshaw*
980 Lack of response to amino acid supplements by preadolescent girls. *R. P. Abernathy, S. J. Ritchey and J. C. Gorman*
983 Facilitation of iron absorption by ferric fructose. *G. W. Bates, J. Boyer, J. C. Heigenauer and P. Saltman*
987 Effects of neomycin in obese patients with jejunioileostomy. *D. Schwob, A. Rubulis, E. C. Lim, C. D. Sherman and W. W. Faloon*
992 Effect of neonatal folic acid deprivation on later growth and susceptibility to *Shigella* infection in the guinea pig. *J. D. Nelson and K. C. Haltalin*

special article

- 997 Nutrition teaching at the Mount Sinai School of Medicine: a three-year experience. *G. Christakis, R. Frankle, R. E. Brown, R. Jeffers, J. Walter and K. Deuschle*

comments in biochemistry

- 1010 Phosphoenolpyruvate carboxykinase. I. Its role in gluconeogenesis. *R. W. Hanson and A. J. Garber*

(continued on inside cover)

(continued from back cover)

perspectives in nutrition

- 1022 Review: Relationships of copper and molybdenum to iron metabolism. *M. S. Seelig*

1038 nutrition news

symposium

Workshop on malabsorption and nutrition. **Part I.**
Guest editors *I. H. Rosenberg and N. S. Scrimshaw*

Session I — Subclinical malabsorption: prevalence and epidemiology

- 1045 Preface. *I. H. Rosenberg and N. S. Scrimshaw*
1046 Introduction to Part I. *I. H. Rosenberg and N. S. Scrimshaw*
1047 Tropical enteropathy and tropical sprue. *S. J. Baker and V. I. Mathan*
1056 Subclinical malabsorption in developing countries. *J. Lindenbaum, J. W. Harmon and C. D. Gerson*
1062 Subclinical malabsorption in Thailand. I. Intestinal absorption in Thai children. *G. T. Keusch*
1067 Subclinical malabsorption in Thailand. II. Intestinal absorption in American military and Peace Corps personnel. *G. T. Keusch, A. G. Plaut and F. J. Troncale*
1074 Discussion and summation — Session I

Session II — Tropical jejunitis (tropical enteropathy): morphology, specificity

- 1080 Morphologic characteristics of jejunal biopsies from asymptomatic Haitians and Puerto Ricans. *E. A. Schenk, F. A. Klipstein and J. T. Tomasini*
1084 Intestinal, functional, and morphologic abnormalities in severely protein-malnourished adults. *L. G. Mayoral, K. Tripathy, O. Bolaños, H. Lotero, E. Duque, F. T. García and J. Ghitis*
1092 Morphological aspects of the duodenojejunal mucosa in protein-calorie malnourished children and during recovery. *R. E. Schneider and F. E. Viteri*
1103 Discussion and summation — Session II
1108 Appendix: A protocol for the evaluation of small bowel biopsies. *E. A. Schenk and F. A. Klipstein*

Session III — Bacterial flora and tropical malabsorption

- 1118 Gastrointestinal flora of children with protein-calorie malnutrition. *L. J. Mata, F. Jiménez, M. Córdón, R. Rosales, E. Prera, R. E. Schneider and F. Viteri*
1127 Microflora of the gastrointestinal tract in tropical enteritis: a current appraisal. *S. L. Gorbach*
1131 Discussion — Session III
