

The American Journal of  
**CLINICAL NUTRITION**

VOLUME 25 NUMBER 11 NOVEMBER 1972

**CONTENTS**

**original communications**

- 1135 Absorption of pteroylglutamate and dietary folates in man. *N. Grossowicz, M. Rachmilewitz and G. Izak*
- 1140 The endocrine pancreas after kwashiorkor. *S. K. Kajubi*
- 1143 Iron-deficiency anemia in an Iranian population associated with high intakes of iron. *M. Haghshenass, M. Mahloudji, J. G. Reinhold and N. Mohammadi*
- 1147 Nutritional value of foods in relation to their oxalic acid content. *P. P. Singh, L. K. Kothari, D. C. Sharma and S. N. Saxena*
- 1153 Body composition of premature infants: relation to nutrition. *B. M. Kagan, V. Stanincova, N. S. Felix, J. Hodgman and D. Kalman*
- 1165 Experimentally induced sandfly fever and vitamin metabolism in man. *W. R. Beisel, Y. F. Herman, H. E. Sauberlich, R. H. Herman, P. J. Bartelloni and J. E. Canham*
- ✓ 1174 Effects of dietary protein restriction on albumin synthesis, albumin catabolism, and the plasma aminogram. *L. Kelman, S. J. Saunders, L. Frith, S. Wicht and A. Corrigan*
- 1179 Serum growth hormone and growth activity in children and adolescents with present or past malnutrition. *R. Youlton, J. Riesco, J. Litvak and N. Zlata*

**special article**

- ✓ 1184 Environmental factors affecting the growth of children. *G. G. Graham*

**comments in biochemistry**

- 1189 Role of the increased adipose tissue mass in the apparent insulin insensitivity of obesity. *J. P. Flatt*
- 1193 Diagnosis and classification of reactive hypoglycemia based on hormonal changes in response to oral and intravenous glucose administration. *F. D. Hofeldt, S. Dipe and P. H. Forsham*

(continued on inside cover)

(continued from back cover)

### **perspectives in nutrition**

- 1202 Effect of steroid contraceptives on lactation. *J. G. Chopra*

### **international nutrition**

- 1215 Topics of nutrition in Japan. *T. Oiso and R. Suzue*  
1219 **Nutrition news**

### **symposium**

Workshop on malabsorption and nutrition. **Part II.**  
Guest editors I. H. Rosenberg and N. S. Scrimshaw

Session IV — Intestinal absorption as a determinant of growth, development and nutritional status. Preliminary reports of field studies.

- 1225 Preface. *I. H. Rosenberg and N. S. Scrimshaw*  
1226 Introduction to Part II. *N. S. Scrimshaw*  
1227 Xylose malabsorption and growth retardation in East Pakistani children.  
*G. P. Harper*  
1230 Pediatric xylose malabsorption in East Pakistan: correlation with age, growth retardation, and weaning diarrhea. *L. P. Einstein, D. M. Mackay and I. H. Rosenberg*  
1234 Malnutrition and malabsorption: studies in the Punjab. *B. Cowan*  
1236 Investigations concerning the prevalence of nutritional deficiencies and intestinal malabsorption among rural populations of the West Indies. I. Methodology.  
*F. A. Klipstein, C. Rubio, N. Maldonado and S. Montas*  
1241 Discussion and summation — Session IV

Session V — Impact of enteritis and other infections upon nutritional status

- 1248 Studies on the mechanism of sugar malabsorption in infantile infectious diarrhea.  
*C. Lugo-de-Rivera, H. Rodriguez and R. Torres-Pinedo*  
1254 Interrelated changes in host metabolism during generalized infectious illness.  
*W. R. Beisel*  
1261 Urea metabolism in malnourished and recovered children receiving a high or low protein diet. *D. Picou and M. Phillips*  
1267 Influence of recurrent infections on nutrition and growth of children in Guatemala.  
*L. J. Mata, J. J. Urrutia, C. Albertazzi, O. Pellecer and E. Arellano*  
1276 Malabsorption syndrome in ascariasis. *K. Tripathy, E. Duque, O. Bolaños, H. Lotero and L. G. Mayoral*  
1282 Discussion and summation—Session V
